PRE-NEED PAYMENT, FINANCING & FUNDING OPTIONS

We are proud to offer various payments, funding, and financing options to our clients.

Payments

At the time of need funeral arrangements will require a 50% deposit for services and cash disbursements as outlined on your Funeral Service Contract. Payment may be made by cash, cheque, debit, and most major credit cards (2 pieces of identification required). If you are pre-paying for services or supplies, pre-authorized checking is also available.

Financing

Our payment plans give you the option of making payments over time (payment in full, monthly, or quarterly). We offer a competitive financing program, administration fees, and interest rates.

Funding

For your convenience, we offer two funding options when prepaying services or supplies. When prepaying, you pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered, at the time of death

Pre-Need Funding by Trust

You may pay the money directly to New Haven Funeral Centre Inc., and we will place it in trust, where it will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is cancelled.

Pre-Need Funding by Insurance

You may purchase an insurance contract where the proceeds of the insurance contract will be used to pay of the services or supplies at the time they are delivered or the contract is cancelled.

Additional information about our payment, funding, and financing options is available upon request.
